OBJECTIVE

I am a hard working focused individual and am in the Web Field. Although I like to invest my time in improving myself and goals. In fact, I love working with WordPress since it's very user

EXPERIENCE

Wordpress

- Along with Wordpress where every click feels like a step towards a dynamic and engaging experience with making website projects. For this reason it's a user friendly interface for your needs to create websites using creativity and such as Wordpress tools!

EDUCATION

DEGREE / DATE EARNED

San Diego Mesa College

GPA: 2.94 and pursuit of an Associates Degree in Spring 2024, Web Development.

VOLUNTEER EXPERIENCE OR LEADERSHIP

- Working with Wordpress helped me create a nice clothing E-commerce website for my class at Mesa and make my own store. I was also able to learn how to install plugins. Overall my learning more about plugins made a better understanding of how to build better, more efficient and secure websites safely! For

friendly and it has a lot of customization options.

this purpose I'm passionate about creating good looking websites that are functional to use.
